REMARKS

The courtesies granted applicants' attorney by the Examiner during the aforementioned telephone interview are gratefully acknowledged. The interview was initiated by the undersigned after receiving the Advisory Action, dated February 18, 2005, in which the Examiner indicated how the previously proposed amendment might be construed to read on the applied reference. Therefore applicants' attorney proposed an amendment that he believed more fully distinguished over such a reading. During the phone interview the Examiner called attention to several errors that have been corrected in this formal proposal. The Examiner agreed that, with these changes, the claims would be allowable.

Favorable action is therefore most respectfully requested.

Respectfully submitted:
